## *Some parents said:*

- Communication could be improved.

We have tried to find ways to communicate as effectively as possible with all parents. We use email, app messages and the newsletter as the main ways of communication. We also add reminders/ messages to our Twitter and Facebook pages when relevant. If parents have further ideas, please let us know.

- Felt transition to Year 1 was challenging for their child.

We always act in the best interests of the children, however there is always room for improvement. The Leadership Team are planning how this transition can be smoother in the future.

***We hope to work with parents to ensure everyone has a positive experience.***
